EDUCATION

Codecademy.com

2017 – 2019

Course: Web development course

Skills: HTML5, CSS3, JavaScript ES6, Git, React, Node.js, Express.js

2011 – 2013

Brunel University of London

MSc. Wireless Communication Systems

Thesis: "Home Security Using Low Rate Wireless Personal Networks" (C, HTML, CSS, JavaScript, AT Commands)

Final Mark: 8,5

Infotech Liberal Studies Lab,

2009 - 2010

Certificate of Completion, 3ds Max

Alexandrian Technological Institute of Thessaloniki (ATEITH),

2003 – 2009

BSc. Electronic Engineer – Wireless Networks

Thesis: “Wireless Device Control over GSM Network”

(C, HTML, CSS, JavaScript)

Final Mark: 7,1

Cambridge Institute of Technology

2007 – 2008

International Diploma in IT Skills

**FOREIGN
LANGUAGES****Certificate of Proficiency in English**

Michigan C2

Greek

Native

**PROGRAMMING
LANGUAGES**

- HTML5, CSS3, JavaScript ES6
- Responsive design, Bootstrap 4, Node.js, React Framework, Next.js
- Git, C, Java Swing (NetBeans), WordPress
- Express.js, GraphQL, Prisma

SKILLS

- **Adobe Creative Suite CC**
Excellent use of Photoshop, Illustration, InDesign, After Effects
- **3ds max 2020, V-ray, Unreal Engine**
Creating, editing and producing 3D objects and photorealistic images
- **CCS Compiler, MPLAB IDE, Proteus, MSP 430, PIC Microcontrollers, Arduino**
Knowledge of software for constructing and repairing logic boards as well as programming microcontrollers
- **Windows XP, 7 – 10, Mac OSX 10.x.x, MS Office και Open Office**
Excellent use of operation systems and tools

PROJECTS

- **Implementation of encryption algorithms**
Caesar και Vigenere ciphers with C and Java languages
- **Creation of petrol station constructor webpage**
diavaths.gr - HTML, CSS, JavaScript
- **Creation of wood craftsman webpage**
zerozenart.gr - HTML, CSS, JavaScript, Modx
- **Creation of 3D photorealistic images and videos**
2nd place in a 3d visualization contest. Creation of complex 3D video animations with 3ds Max, V-ray και AWS
- **Creation of web assets**
banners, logos, buttons, gif animations
- **Creation of desktop skins**
Graphic representation of system information, weather forecast etc. on desktop with Rainmeter app

**SEMINARS
& MEETUPS****WordPress Meetups**

Thessaloniki

November 2018
until Today**Arduino Workshops**

GreekLug

November 2017

International Nano-Technology Seminar

Telematics Updates

January 2011
